M•POWER™

1. Simplified Maintenance: Easy-Access Design

Above-deck models feature a two-piece body for faster maintenance

2. Optimized Performance: Self-Adaptive Sensor Technology

Adjusts to the environment to work properly without having to make sensor adjustments. A slow-closing solenoid reduces water hammer

3. Vandal-Resistant Operation: Smart Sensor Placement

Sensors located on the underside of the spout deter tampering

4. Water Savings: Eco-Performance Aerators

A 0.5 gpm aerator reduces water use by 77% compared to standard 2.2 gpm designs

Worry-Free Quality: Best-in-Class Five-Year Limited Warranty

Tired of crawling on the bathroom floor to change batteries/solenoids?
Upset with hearing there aren't replacement parts for your faucet?
Wish there was an easier way?

Introducing Moen Commercial above deck electronic faucets
CA8305, CA8306, CA8307, CA8308

- Sensor lens replaceable
 - 4" & 8" deck plates available
 - 4 – AA batteries last up to 300,000 cycles
 - All access to batteries/solenoids above deck
 - CA8307/CA8308 standard with manual override
- CA8307/CA8308 works great for dialysis rooms (17097,17012,17022)

Single-mount and center-set models with below-deck controls

Above-deck models with built-in handle for manual operation and temperature control

Above-deck models

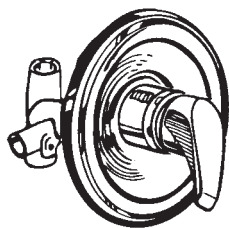

Deck and wallmount gooseneck models

All sensor-operated faucets are available with AC power or battery power options

WHEN YOUR HIGH-RISE BUILDING'S WATER SYSTEM
CALLS FOR LOWER COSTS, **ZURN LISTENS.**

“
Thousands of workers
depend on this building's
water every day. So when
we updated our restrooms
and water systems,
we needed the most
dependable product with
the most value. That's why
we called Zurn.”

RETROFIT AND REPLACEMENT SOLUTIONS

Lead-free backflow preventers and water pressure regulators that fit all current footprints and offer the lowest life-cycle cost. Ultra low consumption urinals and sensor operated faucets and flush valves that conserve water and money. When you need to rethink your building's water system from the ground floor up, there's only one name to consider. Zurn. For your next retrofit and replacement project, give us a call. We'll listen.
