UNIVERSAL'S BLACK BALL FLAPPER

Universal's black ball flapper has an extra large mouth ball which gives great buoyancy for a cleaner flush. Silicone treated rubber prevents rotting. Pure natural virgin rubber. No color dyes that shrink and crack rubber. Premium quality construction assures positive sealing.

Number	Description
21001	Black flapper
21004	Black flapper with removable trunion

GUARDSMAN RUBBER FLAPPER

21010

Fits plastic flush valves competitive model with chain, less overflow clamp adaptor.

AMERLINE FLAPPER

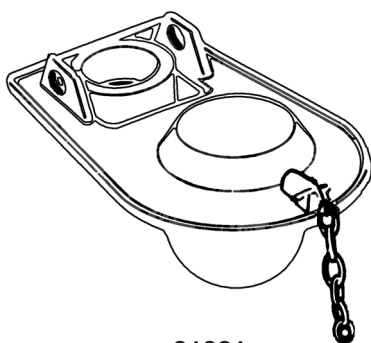

21009

Fits Amerline, Kohler, Case Briggs and Kilgore tanks.

Flappers

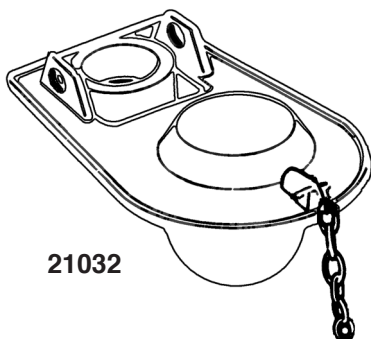

"BIG RED" FLAPPER

21031

New "Benso" red rubber compound for the longest lasting flapper on the market. Total resistant to high chlorinated water treatment or other harsh chemicals. This fine flapper has a lifetime warranty. Has heavy duty stainless steel chain. Fits most new and old style toilets.

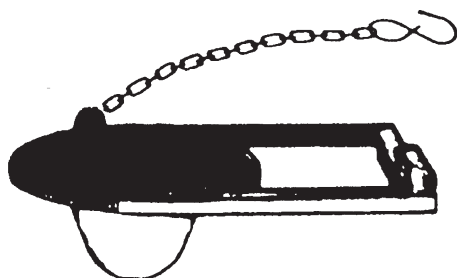

"TUFF SEAL" RED FLAPPER

21032

New "Tuff Seal" compound is made of special chemical resistant rubber. It is impervious to toilet tank chlorine and ammonia treated water. This new compound is silicone impregnated, which provides ongoing external lubrication, or self blooming, which flows to the surface of the part for years to come. This provides long lasting use and chloromine resistance.

CRANE FLAPPER

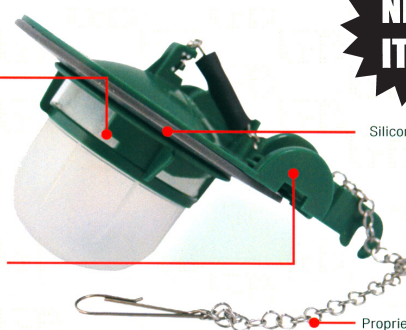

21002

Used on Crane tank models, Neuday, Drexel, Oxford, and Criterion. Made of rubber with polystyrene float.

FLUIDMASTER 3" UNIVERSAL FLAPPER

Flapper float adjusts to match flush performance of manufacture specifications

Frame width adjusts to fit every flush valve

NEW ITEM

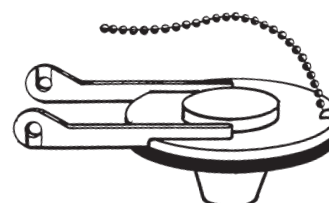

Silicone seal

Proprietary kink-free chain

21017

Fits ALL existing 3 inch flapper style flush valves with the flexibility and adaptability to fit new models as released. Highly durable chlorine resistant materials. Instructions on packaging provide settings for all available 3" flapper toilets on the market.

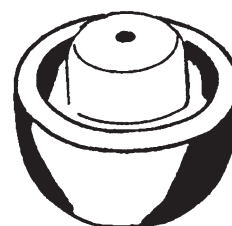

ELJER FLAPPER

21011

Made of solid plastic with flat rubber seat disc. Polystyrene ball float.

CONE TOP TANK BALL

One piece molded rubber. Built with a wide balloon mouth that adjusts to even corroded flush valves.

Number	Description
21007	2-1/2"
26401	2-3/8" - fits Eljer "Touch Flush"

Flappers & Flush Valves

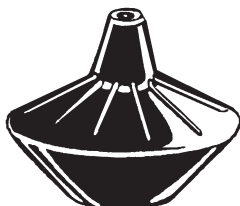

UNIVERSAL FIT-ALL TANK BALL

21006

Fit-all black tank ball has tapered seat that assures a positive seal on brass or built-in china flush valves.

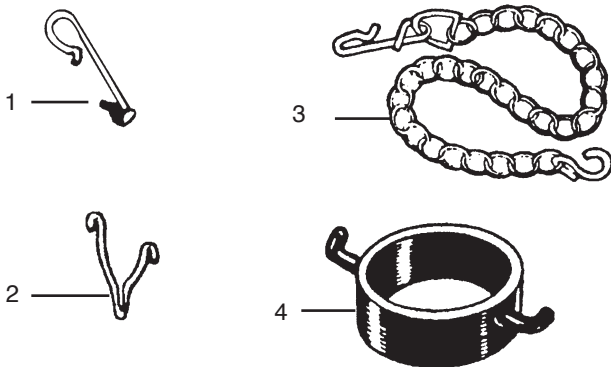

TRIPLE SEAL TANK BALLS

Standard of the industry for over 50 years. Finest rubber with a 4 year guaranteed sealing efficiency. Two models available. Standard 2-1/2", 2-5/8" & extra large 3" for old style Kohler and Briggs flush valves.

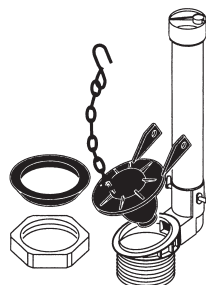

Number	Description
21005	Standard 2-1/2", 2-5/8"
21008	Extra large 3"

TANK FLAPPER REPAIR PARTS

Key	Number	Description
1	21300	Flapper "S" link chain hook
2 & 3	21301	Replacement flapper chain & hook
3	21315	"V" hook for beaded ball chain, fits American Standard & Eljer tank levers

Pkg of 8

Bowl Gaskets

UNIVERSAL WAX GASKETS WITH HORN

28001

28006

28031

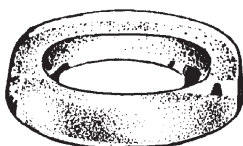

Made of the finest paraffin wax, with horn. Extra thick wax for sealing toilets. Universal's deluxe grade #1 paraffin wax is guaranteed not to dry out or crack. Provides positive bowl alignment. Forms a gas-tight, odor-tight, water-tight seal.

Number	Description
28001	3" or 4" wax gasket
28006	4" gasket
28031	3" or 4" extra thick gasket

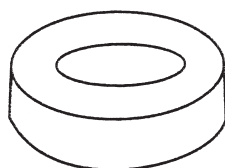

STANDARD WAX GASKETS

28003

28010

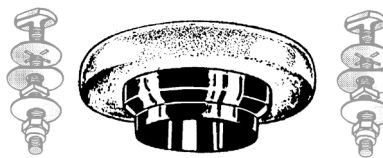

28033

Made of the finest paraffin wax. Extra thick wax for sealing toilets. Universal's deluxe grade #1 paraffin wax is guaranteed not to dry out or crack. Provides positive bowl alignment. Forms a gas-tight, odor-tight, water-tight seal.

Number	Description
28003	4" plain wax gasket
28010	4" wax gasket with impregnated plastic for wall mounted toilets
28033	Bol-Wax #10 extra thick

WAX GASKETS KIT

28018

3" or 4" closet wax seal with plastic horn. Includes brass bolts and washers.

WAX FREE BOWL GASKET

27500

Fits all drain pipes. Adapts to all types of flooring. Clean to install, no messy wax. Seals on uneven floor or over tile floors with recessed flange. Can be readjusted during installation. Position and design of moisture-proof seal and O-ring prevents splash-up and rotting of floor flange. Heavy-duty O-ring seals tightly to block sewer gasses. No minimum temperature required for installation. Works with PVC (white), ABS (black) drain pipes with or without inner lip, or cast iron drain pipes.

WAX FREE TOILET SEAL

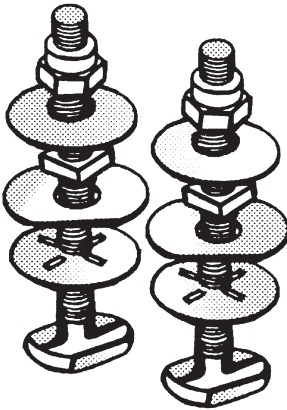

28017

Wax always worked in the past so why change now? Because now there is a better way. Approved and certified to provide a water and airtight connection between the water closet and sanitary drainage system. The long neck will make a positive secure connection regardless of flange height. Toilets can be pulled and replaced without changing the seal. Clean, quick and easy to install or remove.

Closet Bolts & Caps

DELUXE BRASS CLOSET BOLTS

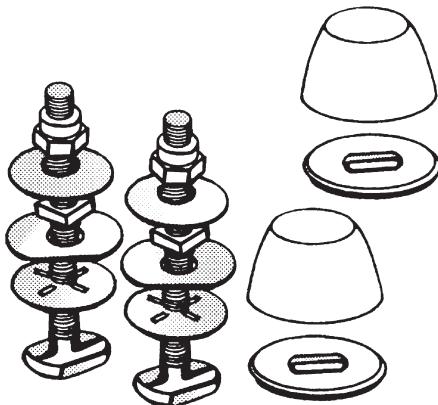

- Heavy chromed brass acorn nut
- Solid brass round washer
- Square headed floor flange locking nut
- Solid brass oval washer
- Universal locking washer
- Note: heavy large quality brass head

25050

Quality one piece all brass closet bolts. Each bolt includes 2 nuts, 2 brass washers, 1 lockwasher and 1/4" x 2-1/4" brass closet bolt. Kit includes 2 complete bolt units.

BRASS CLOSET BOLTS SETS WITH SNAP "N" LOCK CLOSET CAPS

Includes 2 deluxe brass bolt assemblies and 2 white Delrin Snap "n" Lock closet bolt caps.

Number	Description
25055	Deluxe set w/ 1-1/4" x 2-1/4" bolts
